GROWERS OF TREES, SHRUBS & PLANTS

TELEPHONE 200 PIERMONT

SPARKILL, N. Y.,

190

Among the stock upon the Nursery of the late Clucas & Boddington Company, which I purchased in January last, are a quantity of Plants and Shrubs, in greater amount than I wish to carry, and to dispose of them quickly have reduced the prices below cost of production.

Being almost in every case field-grown plants from 2 to 3 years old, they are much larger than the small pot plants usually sent out, and of course worth more, as they are certain to give better results the first season, and in many cases will stand dividing liberally for the purpose of increasing stock.

Finding your name as a customer who had previously purchased Plants. Bulbs, and Seeds from the Clucas & Boddington Company, I am sending you my special price-list of Hardy Perennials, Flowering Shrubs, Evergreens, and Bulbs for Fall and Spring planting-for delivery Fall 1906 and Spring 1907.

Prices are quoted F.O.B. Sparkill, less 5% for cash within 10 days, or 30 days net, packing at cost, subject to stock being unsold.

Orders will be filled in strict rotation; but where customers are unable to take delivery during the Fall, we will reserve and store the goods for Spring delivery, if 25% of the value is deposited at the time of

From a short perusal of the prices quoted you will readily recognise the advantage of placing your orders early, and profit by these special prices; for, although I intend continuing the business, much upon the same lines as those formerly conducted by the Clucas & Boddington Company, after surpluses are disposed of prices will be advanced.

For the convenience of locating the different kinds of stock herein offered, they will be found as follows:

> Pages 1 to 7 Hardy Perennials, Hardy Vines and Climbers, " 7 7 to 8 Roses. 10 to 11 Dahlias. Flowering Shrubs, 9 to 10 Evergreens, 8 to 9 Bulbs for Fall planting, "Bulbs for Spring planting," 13 to 14 10 to 12

Awaiting your valued order, I am,

Yours very truly,

JOHN M. STEVENS, Prop.
Palisades Nurseries.
